The KGB was known to have kept the top secret, comprehensive records on all world affairs. These documents were forever to have remained locked away, until now.

Recently released KGB documents and extraordinary film footage involving strange UFO activity occurring around the Great Sphinx of Egypt is introduced for the first time. The ancient Egyptians have documented encounters with "gods", who ingrained themselves into their culture, and we have the proof to give creditability to these meetings. Archived in great detail, the KGB's actual uncovering of "mummified remains" of what we believe to be alien corpses. Living abductees share their remarkable evidence that points to the "Sacred Valley of the Kings" in Egypt, as the center of alien activity. Once and for all, this stunning footage will bear witness to the truth of alien encounters.
