Join us as we trace the rise and fall of the Third Reich and Adolph Hitler's obsession for gold, and then follow us on our search for the forbidden treasure.

Salvagers claim that Nazi generals extorted gold at the end of WWII, and then fled to South Africa. After selling their gold to a Canadian for 5 Million dollars, the boat carrying it was sunk off the coast of Venezuela.

Now 50 years later, our cameras go to the depths of the ocean in search of Nazi Gold. The findings will astonish you.
