Great Moments of the 20th Century (6 x 60')

Hosted by: *Laura McKenzie*

From the realization of flight by the Wright Brothers at the turn of the century, to Neil Armstrong's moon walk, events have taken place that have shaped our civilization and changed the course of humanity.

This six –hour retrospective of the 20th century covers memorable moments from the Theory of Relativity to the creation of the Internet.

The 20th century has proven to be the most dynamic era in recorded history. Never have there been such strides in technology and quality of life, as is captured here on film, in our lifetime.
