UFO's Uncensored

Hosted by: *Hosted By Roger Moore (2 x 120')*

The Secret UFO Files

In the mid 1990's UFO researchers in the west began cooperating with colleagues of former Eastern Bloc countries and for the first time, made some startling realizations. They already knew that for over five decades, Western Governments had been collecting information on UFOs in strict secrecy. Now, they learned that governments behind the Iron Curtain did as well! They also discovered, now that the Cold War was over, the truth could finally come out.

The Secret Abduction Files

When researchers began looking into just how much the Soviet government knew about UFOs and extraterrestrial visitation, they learned, not surprisingly, that the Russians took the subject very seriously. What they didn't expect was astounding evidence and documented proof... of ancient alien visitations, paranormal artifacts and most shocking of all, a mass abduction in 1985!
